50 free bassline MIDI files.

Built for the basement.

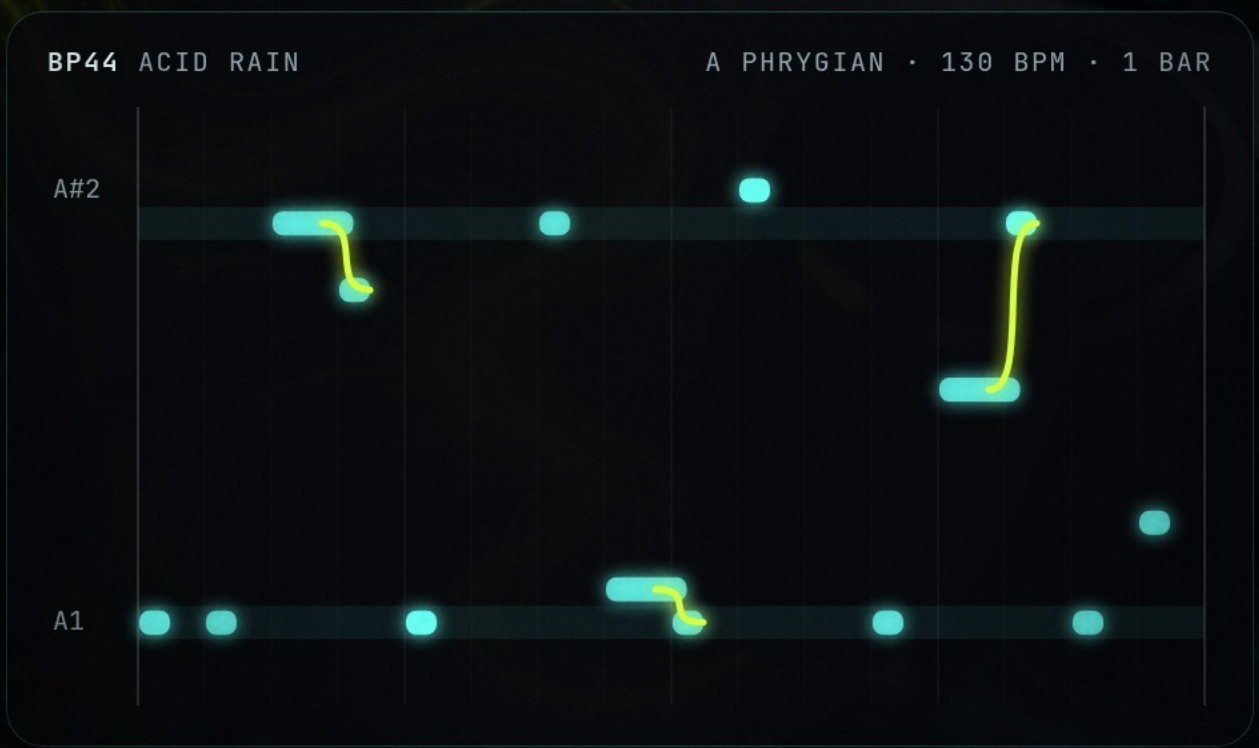

Seven groove families.

Pick by feel, not by genre tag.

Every note is in the file.

Real MIDI loops of 1, 2, or 4 bars, with tempo and key in each one.

A Phrygian · 130 BPM · 1 bar · 14 notes · acid family · 3 legato slides

Validated like software.

- 12 of 12 checks pass
- A second parser agrees on all 700 notes
- Byte-identical on every rebuild

VALIDATION REPORT — 12 / 12 PASS

- 50 files, IDs match across files and CSVs
- Every file parses with mido
- Tempo and 4/4 at tick 0, 480 PPQ
- Loops end on the boundary, every note closes
- Pitches C1 to E4, velocities 1 to 127
- Monophonic, overlaps only where labeled
- CSV exports match the MIDI exactly
- Every out-of-scale note is labeled
- No duplicate or transposed patterns
- All 7 families, 1, 2, and 4-bar loops
- Ghost notes stay short (proxy check)
- ZIP matches the validated files byte for byte
